KOLADE MALIK ISHOLA

ECONOMICS GRADUATE | DATA ANALYTICS | RESEARCH AND BUSINESS OPERATIONS

Lagos, Nigeria | UTC+1 | +234 901 017 5707 | theonlykolademalik@gmail.com | github.com/Nicholasmile

PROFESSIONAL SUMMARY

Economics graduate with a 4.35/5.00 CGPA and experience in quantitative research, data analysis, business operations, customer-facing sales support, record management, and academic mentorship. Skilled in preparing and interpreting data, maintaining accurate records, communicating with varied audiences, and improving routine workflows. Developed a digital costing and reconciliation tool that reduced sales calculation time by approximately 80%. Proficient in Excel, Python, STATA, EViews, R, and SQL/MySQL, with a record of working independently, supporting teams, and meeting deadlines.

CORE COMPETENCIES

Data and research: Data cleaning, exploratory analysis, validation, variable construction, econometrics, literature review, evidence synthesis, research reporting

Data quality support: Dataset review, consistency checks, source evaluation, accurate classification, documentation, and issue identification

Business and service: Customer communication, sales support, data entry, transaction reconciliation, inventory tracking, administrative support, process improvement

Technology: Excel, Python, Pandas, NumPy, SQL/MySQL, STATA, EViews, R

Professional strengths: Written and verbal communication, attention to detail, problem-solving, teamwork, and time management

PROFESSIONAL EXPERIENCE

Sales and Records Assistant | ALFA STORE

2021 - 2026 | Seasonal

- Maintained accurate records of beverage sales, customer collections, returned goods, quantities sold, and associated costs to support daily reconciliation.
- Supported customer transactions, inventory tracking, cost calculations, data entry, and routine operational problem-solving.
- Identified inefficiencies in manual sales calculations and developed a digital costing and reconciliation tool that reduced calculation time by approximately 80%.

Academic Mentor and Tutor | Afkindemy

2019 - Present

- Mentor 10+ students annually through admission preparation, academic planning, subject selection, and individualized guidance.
- Teach Mathematics, Economics, Government, and related coursework, helping students achieve examination scores of 70%+ through targeted instruction.
- Guided 20+ students into competitive courses at federal universities and supported 15+ students in achieving JAMB scores above 250.

Teacher and Academic Mentor | Private Education

2019 - 2022

- Managed a class of 25 pupils and adapted lessons to address varied learning needs while maintaining an organized learning environment.
- Monitored progress, explained complex concepts clearly, and provided targeted feedback and additional academic support.

LEADERSHIP AND RESEARCH SUPPORT

University Leadership and Academic Mentorship | Lagos State University

2021 - 2025

- Represented 170+ students in departmental academic and welfare discussions and communicated student needs to faculty leadership.
- Contributed to 25 undergraduate research projects through literature review, research design, data collection, analysis, interpretation, and policy recommendations.
- Organized 15+ academic tutorials per semester and mentored students in research methods, econometrics, quantitative analysis, and academic writing.
- Served on faculty and departmental academic committees and supported orientation programmes for students across multiple levels.

SELECTED DATA AND RESEARCH PROJECTS

Out of Pocket Healthcare Expenditure and Household Welfare in Nigeria | Python and STATA
Household survey data

- Conducted end-to-end quantitative research involving data sourcing, cleaning, variable construction, analysis, interpretation, and reporting.
- Examined the relationship between healthcare expenditure and household welfare and translated statistical evidence into policy-relevant findings.

Green Finance and Technological Innovation | EViews and STATA
ECOWAS panel study

- Sourced, restructured, cleaned, and validated multi-country data to build an analysis-ready panel dataset.
- Applied ARDL, DOLS, GMM, PMG, and VECM approaches, completed diagnostic assessments, and interpreted empirical results.

Public Debt and Economic Growth in Nigeria | EViews
Time-series analysis

- Prepared Nigerian macroeconomic data, estimated an ARDL model with Bounds Testing, and interpreted short-run and long-run relationships.

EDUCATION AND PROFESSIONAL DEVELOPMENT

Bachelor of Science in Economics | Lagos State University
2021 - 2025

- Second Class Honours | CGPA 4.35/5.00 | Ranked among the Top 20 graduating students based on academic performance.
- Relevant coursework: Econometrics, Mathematical Economics, Macroeconomics, Microeconomics, and Quantitative Methods.

Data Scientist in View | TS Academy
2026 - Present

- Developing applied skills in Python, Pandas, NumPy, machine learning, statistical modelling, data analysis, and data pipelines.
- Cleaned, transformed, and analyzed datasets containing 20,000+ records using Python-based preparation and exploratory analysis.

ADDITIONAL INFORMATION

Communication: Strong written and verbal English
Work style: Remote-ready; comfortable with independent, collaborative, and deadline-driven work
